

No-Fault Insurance Filing Tips

Contact the Correct Insurance Provider

This is either your own insurance provider, or the insurance provider of the other party, depending upon your role in the accident. Martin, Harding and Mazzotti, LLP can help you determine this.

Download All Claim Forms

Download your complete set of no-fault insurance claim forms at www.dfs.ny.gov or have the insurance provider mail it to you. You have 30 days to file your claim. Have questions about filling out the form? Contact the team at Martin, Harding & Mazzotti.

Proofread and Mail Your Application

Read over your application to make sure that all the information is correct. Then, make a copy of the application for your records and mail the original to your insurance company or the insurance company of the vehicle that hit you.
